EASLEY RELEASED FROM JAIL TODAY

Colored Man Who Attacked Father-in-law Set Free When State Authorities Fail to Come

ON A REFORMATORY PAROLE

Charles C. Jeffreysmith of Milroy is Granted a Divorce From Emma Jeffreysmith

Jesse Easley, who has been held in jail here for several days, following his fight with Sam Buckner, was ordered released from jail this morning by Judge Sparks. Easley, who was here on parole from Jeffersonville, was expected to be returned, but the officials there did not come after him, and his release was ordered.

A divorce has been granted to Charles C. Jeffreysmith of Milroy from Emma Jeffreysmith, and the costs placed against the plaintiff. The case was heard January 3 and taken under advisement.

It will be recalled that these people came into prominence last summer when family trouble arose and Jeffreysmith rode into Milroy in an automobile with his wife bound hand and foot, and tied in the rear seat of the machine.

A new suit has been filed in the form of a complaint on judgment, demanding \$250. Elizabeth J. Winship et al has brought the suit against Charles G. Meyers. The complaint states that the Rush circuit court found judgment in the sum of \$127 against the defendant on February 14, 1910, and at that time Amos Winship was plaintiff.

The complaint states that the judgment was never paid, and since then Winship has died and the money is now due the heirs. The plaintiffs in the case beside the first named are Cliff Winship, Lillian Bennett and Ruth Bennett, and the amount asked for is \$250, which includes interest on the original judgment.

George C. Alexander, local garage man, has brought suit against Jesse Stont and Van E. Lewark, on a complaint on account and to foreclose a garage man's lien. The complaint states that on October 16, 1918 Stont brought a six cylinder machine to the garage for repairs which were made, and amounted to \$329. He states that \$94 remains unpaid on the account, and in January a lien was taken on the machine. The plaintiff also names Van Lewark as a defendant, as he is of the opinion that Lewark is interested in the automobile. The plaintiff asks that the lien be foreclosed and an order for sale of machine be given in order to pay the remainder of the garage bill.

No case was being tried today in court, and yesterday afternoon the issues in the case sent here from Decatur county of Pulse and Porter against the Decatur county commissioners was being heard with special Judge Gause of Newcastle on the bench. Attorneys from Greensburg were also here for the making of the issues.

CROSSING MISHAP RESULTS FATAL

Elmer D. Hunt of Marion, widely known and related in this county was buried today, and Mrs. L. B. Downey and Mrs. Dan Matlock of this city attended the funeral services. Mrs. Downey was an aunt of the deceased, and J. O. Williams was an uncle, besides a large number of cousins reside in this county.

Mr. Hunt at one time lived here and had frequently visited here. Sunday afternoon an automobile in which he was riding was struck by a Big Four passenger train near Marion, and he died an hour after the accident. He was 61 years old and was a retired farmer living near Marion. The funeral services were conducted this afternoon at two o'clock.

589 MISSING FROM VESSEL

Afrique Sinks in Bay of Biscay After Springing a Leak

(By United Press.)

Paris, Jan. 13.—Five hundred and eighty-nine persons were still missing today on the wrecked steamer Afrique, which sank in the Bay of Biscay. They were believed to have perished.

The steamer carried 465 passengers and a crew of 150. Only two life boats carrying 26 bodies were picked up.

During a terrific gale the vessel sprang a leak and later sank in the bay.

SPECIAL SESSION IS STILL IN DOUBT

Call Blocked by Failure of Two Senators to Agree to Limit Activities to Suffrage

ENOUGH PLEDGES IN HOUSE

(By United Press.)

Indianapolis, Ind., Jan. 13.—The proposed special session of the legislature for the purpose of ratifying the federal suffrage amendment, was still blocked this afternoon by the failure of two senators to agree that they will limit their activities to the ratifying of the amendment. Officials of the Indiana Woman's Franchise League said they were uncertain whether they would be able to obtain the two additional pledges in time for the governor to send out a call for the assembly yet today.

Only one additional pledge was received during the morning. This was the pledge of Senator James Humphries, democrat, of Union.

The women considered their work so far as the house of representatives is concerned, completed. It is understood that the governor approved the list of those who have signed the pledges.

They will continue devoting their entire attention to the senate.

OVERSEAS SOLDIER CANDIDATE APPEARS

John W. Kennedy Announces He Will Seek Republican Nomination For Sheriff

IN SERVICE ALMOST 2 YEARS

John W. Kennedy, the first overseas soldier candidate in Rush county, today announced that he would seek the republican nomination for sheriff at the county primary Tuesday, May 4.

Mr. Kennedy offers the first opposition to any candidate who has appeared on the political horizon in this county. Sidney L. Hunt, who was defeated for the nomination by Sheriff Jones, has already filed his intentions of being a candidate for the republican nomination for the same office.

Mr. Kennedy is the first soldier who served overseas, to file his declarations in the clerk's office. Loren Martin, clerk of the court, who served in the war but was not overseas, is a candidate for the nomination as clerk.

Mr. Kennedy is the son of Mr. and Mrs. E. L. Kennedy, corner of Willow and Seventh streets. He was in the service from June 18, 1917, having enlisted in the signal corps, until May 29, 1919, and was overseas for a year, serving as a sniper with the 89th division. Mr. Kennedy is a member of the American Legion.

NEW CASE ENDS TONIGHT

Los Angeles, Calif., Jan. 13.—Arguments in the behalf of Harry S. New on trial for the murder of Freda S. Lesser were brought to a sudden halt when LeCompte Davis, chief attorney for the defendant, announced he would leave the case in the hands of the jury without further arguments. Indications were that the attorneys might be able to close the arguments tonight.

JUDGE SPRINGER TO SPEAK SUNDAY

Definite Assurances Received That State Head of American Legion Will Attend Smoker

MISUNDERSTANDING IS FOUND

Many Ex-Service Men Think Joining Organization Makes Them Subject to Duty in Army

Definite assurances have been received that Judge Raymond Springer of Connorsville, state president of the American Legion, will be present to address the smoker being arranged for next Sunday by Rush post No. 150. The smoker will be held in the afternoon in the court house assembly room.

Every ex-service man in Rush county, regardless of whether he is a member of the Legion, is invited to attend the smoker, when the aims and purposes of the American Legion will be explained by Judge Springer. Plenty of smokes will be provided and an effort will be made to entertain all of the men who attend.

By holding the smoker, officers and other members of Rush post not only wish to get new members, but they hope to get a line on as many former service men in the county as possible, so as to be able to estimate the number which may be expected at the banquet to be held in the near future.

Members of Rush post also hope, by means of the smoker to get the men together, to be able to clear up some of the misunderstanding which exists regarding the purpose of the American Legion. Judge Springer is one of the best if not the best man in Indiana to explain the aims of the Legion. Because he has been active in the organization since its inception.

There seems to be a sort of an opinion, current among many ex-soldiers, that the Legion was organized for the purpose of creating a standing army which will be subject to call in cases of strikes and local disturbances, or even in war.

The preamble of the constitution of the American Legion, which is as follows, makes it plain that the organization has no ulterior motives and that it is not militaristic.

For God and Country, we associate ourselves together for the following purposes:

To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a 100% Americanism; to preserve the memories and incidents of our associations in the Great War; to inculcate a sense of individual obligation to the community, state and nation; to combat the autocracy of both the classes and the masses; to Make Right the Master of Might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness.

AMERICA TO GET TWO PERCENT OF SHIPPING

(By United Press.)

Paris, Jan. 13.—The supreme council of the peace conference today notified Hugh Wallace, American ambassador, the decision to award the United States only two percent of the German shipping which was to be distributed among the allies and associated powers, was unchanged.

Wallace immediately replied to waive the claim entirely.

The council completed the Hungarian treaty without modifications today.

Following these actions, the council virtually passed out of existence.

It was decided to leave all questions to the committee of ambassadors and also made known that the council would publish the minutes of the peace conference.

CHANGES MADE IN BANKS PERSONNEL

Resignation of H. P. McGuire After 33 Years With Rushville National, Announced Today

ANNUAL ELECTIONS ARE HELD

Clifford Hardwick Resigns as Teller at Peoples National to Accept Place at Anderson

Two changes in the personnel of the officers of Rushville national banks marked the annual elections held today.

The resignation of Henry McGuire as assistant cashier of the Rushville National bank, after thirty-three years with the same institution, was announced. Clifford Hardwick, it was stated, has resigned as teller at the Peoples National bank to accept a position at Anderson.

Mr. McGuire is retiring from the banking business on account of failing health and will continue to reside in Rushville. He remains as assistant cashier, but his resignation will take effect the last of this month or as soon thereafter as additional employees can be obtained. Charles G. Newkirk, who has been bookkeeper, was advanced today to the position of assistant cashier and Miss Nellie Amos was employed as a bookkeeper.

The officers as elected this morning at the Peoples National bank and The Peoples Loan and Trust company are practically the same as last year, with only one change being made.

Clifford A. Hardwick, former teller, has resigned and will take a similar position with the Anderson Banking company at Anderson, and his place here will be filled by Lloyd T. Nelson, who is now a bookkeeper in the bank. Mr. Hardwick will leave soon for Anderson.

The officers as elected this morning for the two institutions are as follows:

The Peoples National bank—Directors: Jasper D. Case, Robert A. Innis, Charles A. Mauzy, Ralph Payne and Earl H. Payne; Officers: Earl H. Payne, President; Charles A. Mauzy, vice-president; Glen E. Foster, assistant cashier; Lloyd T. Nelson, teller; Guy E. Mulberger, bookkeeper; Helen E. Black, bookkeeper; Ralph Payne, cashier.

The Peoples Loan and Trust Company—Directors—Robert A. Innis, Jasper D. Case, Charles A. Mauzy, Thomas H. Parry, Ernest B. Thomas, Ralph Payne and Earl H. Payne; Officers—Earl H. Payne, chairman of board of directors; Ralph Payne, president; Charles A. Mauzy, vice-president; Ernest B. Thomas, secretary; Miles S. Cox, treasurer.

There were no changes in the election at the Rush County National bank, the officers and directors being re-elected as follows:

President, L. Link; vice-president, Claude Cambern; cashier, L. M. Sexton; assistant cashier, B. L. Trubee; directors—L. Link, A. L. Riggs, Claude Cambern, J. C. Sexton, Will M. Sparks, Frank Wilson and L. M. Sexton.

The election at the Rushville national resulted as follows: President, A. L. Winship; vice-president, Thomas K. Mull; cashier, Wilbur Stiers; assistant cashiers, H. P. McGuire and Charles G. Newkirk; Loren M. Meek, Paul W. Root and Nellie Amos, bookkeepers.

Directors: Albert L. Winship, Thomas K. Mull, Alvan Moor, John M. Amos, Thomas M. Green, Joseph L. Cowing, Frank S. Reynolds and Ned Abernethy.

J. T. MASTERS SUCCEEDS

Friends here have received word from Mrs. Elizabeth Masters of Newton, Kas., announcing the death of her husband, J. T. Masters, of that city. Mr. Masters was 77 years old and was a pioneer resident of Kansas. Mrs. Masters was formerly Miss Elizabeth Powell, daughter of Mr. and Mrs. J. A. Powell, and was married to Mr. Masters in 1911. The deceased has often visited here. He was a veteran of the Civil war. Several children by his first wife survive.

SEES UNDERTAKER LOBBY

Sen. Thomas Cites Charges Regarding Removing Dead Soldiers

(By United Press.)

Washington, Jan. 13.—Charges that an alleged undertaker "lobby" is behind the move to have the bodies of American soldiers returned from France, will be investigated by the senate military affairs committee.

Senator Thomas of Colorado today cited charges made by members of the Gold Star Mothers that undertakers are behind the movement and asked the committee to investigate.

ELECTION OF FLOOR LEADER TURNING POINT

Last Step in Negotiations For Treaty Compromise Expected After Thursday's Caucus

UNDERWOOD VS. HITCHCOCK

(By United Press.)

Washington, Jan. 13.—The last step in senate negotiations for a treaty compromise is expected soon after the democratic caucus Thursday when a floor leader will be selected.

A joint meeting of democrats and republicans, at which a general discussion will take place, will probably be called.

Such a meeting has already been tentatively arranged, it was announced. From forty to fifty senators expect to attend.

Those behind the plan believe negotiations will reach the stage where friendly interchanging of views would do much to bring treaty followers together.

It was declared that some senators think Underwood's election would prove beneficial because his leadership would be much more energetic than that of Senator Hitchcock, who is also a candidate for the floor leader.

AGREE TO ACCEPT COMMISSION AWARDS

Operators Willing to Abide by Coal Body's Decisions With One Reservation Which is Accepted

LEWIS PRESENTS ARGUMENTS

(By United Press.)

Washington, Jan. 13.—Coal operators today agreed to unqualified acceptance of any award made by President Wilson's coal commission, appointed to bring about a permanent settlement of the controversy between the miners and operators.

The coal operators also agreed to accept the price fixing of the commission with the exception that such prices should not exist after the expiration of the Lever law. The commission accepted this reservation.

When the commission opened their inquiries yesterday, the operators presented a set of reservations in the form of questions which they demanded be answered before they would agree to accept the commission's awards. They modified their position today. The miners already have agreed to accept the awards.

Following the operators agreement John L. Lewis, acting president of the coal miners, began presentation of arguments in support of the miners demand for higher wages and shorter hours.

William Green, acting secretary of the coal miners, declared that the commission should investigate the profit made by operators in recent years.

SIGNS WITH REDPATH

Mrs. D. D. VanOsdol received word from her son Dwight, yesterday to the effect that he had signed a contract with the Redpath-Lyceum bureau this summer. He will travel with the company as a cornetist and whistler and will sing tenor in a quartette.

FEW DAYS LEFT FOR CITY CENSUS

Time Allotted For Collection of Information by Enumerators Will Elapse This Week

TO CONTINUE IN COUNTRY

Rushville People Urged to Co-operate With Census Takers and Answer Questions Fully

Enumerators Wanted
In Richland Township
A census enumerator is badly wanted in Richland township, according to word received today from Jess E. Stevens of Liberty, district supervisor. He was unable to find a person who would accept the appointment when the enumerators were appointed. Mr. Stevens urged today that any one who would consider the work, telephone him at his expense at Liberty.

Only a few days will elapse until the time for taking the decennial census in Rushville will expire, but the period for the enumerators working elsewhere in the county will continue until February 2. Only fifteen days are allowed in the city, and the enumeration began on January 2.

The enumerators have been making splendid progress in Rushville, according to reports received from them, and have met with fine cooperation on the part of the people with few exceptions. It is the hope of everyone interested in the welfare of Rushville, that the enumerators will get every person so that Rushville's population will be correctly given in the census figures.

It is pointed out that the enumerators will not accomplish the best results without the aid of the people themselves, and for that reason everyone is urged to use every means in his power to see that the enumeration is correct. Persons who have not been visited by the enumerator are urgently requested to get in touch with that official at once as the time for taking the enumeration will expire this week.

Information given to the enumerators can not be divulged to anyone but the census officials and can be used for no other purpose than to compile the census reports. For this reason, no one need have any fear in answering the questions fully and correctly. Penalties are provided for anyone giving out information received in the census.

The United States census is taken every ten years. Past experience has taught the statisticians that many persons, notably persons of foreign birth, are suspicious of callers who ask questions. Their apprehension seems to be that information they give may be used to cause increased taxation, legal entanglements or other untoward consequences.

An important feature of the census of agriculture, being taken for the first time in the federal census,

M'GAREY TO SPEAK FIRST TIME TONIGHT

Evangelistic meetings were begun yesterday evening in the First United Presbyterian church. The Rev. C. G. Johnston of the Mays United Presbyterian church delivered the message, which was appropriate and helpful. A larger and appreciative audience was present and a splendid interest was manifested.

The Rev. W. P. McGarey, who is to assist the pastor throughout the campaign, will arrive this afternoon from his home in Sterling, Kansas, and he will speak tonight at 7:30 o'clock.

All members and adherents of the congregation and the public generally are invited to be present to hear the Rev. McGarey's first message. The service will continue at 7:30 o'clock.

RETAIL CLOTHIERS ASSOCIATION MEETS

To Make Plans For Bringing Down Cost of Clothing and Guard Against a Rise

2,000 MEMBERS PRESENT

Chicago, Jan. 13.—The National Association of Retail Clothiers met here today to make plans for bringing down the cost of clothing and guard against a threatened rise of spring wearing apparel.

"We intend to do everything in our power to reduce the cost of clothes to a minimum," Charles W. Wry, secretary of the association, said before the meeting opened.

"Every branch of the clothing industry, including labor, will receive attendance. We intend to study every angle of the proposition in an effort to devise some scheme of action to lower the cost of both production and material."

Approximately 2,000 members of the clothing industry were present at the opening session, and many more were expected. The convention adjourns Jan. 16.

More languages are said to be spoken in San Francisco than in any other city on the globe.

TELEPHONE RATES BEFORE COMMISSION

Tolls Put in Force by Burleson Are Up For Discussion Before Public Service Board

EFFECTIVE LAST SUMMER

(By United Press.)

Indianapolis, Ind., Jan. 13.—Whether the Burleson toll rates and regulations of long distance telephone calls were equitable and shall be continued in Indiana will be decided as the result of a hearing before the Public Service Commission today.

The rates were instituted in Indiana last summer during the period of federal control and it will be up to the commission to determine whether they were reasonable and whether they shall be continued, set aside or amended.

"Since the return of the wires to the jurisdiction of the state regulatory bodies, the commission has directed its attention solely to the matter of local rates for scores of exchanges throughout the state. Pending settlement of the local rates the long distance tolls were continued in force."

Central Union and Independent Telephone companies were represented at the hearing today.

The Burleson order putting the new rates into effect was the subject of much controversy and litigation. The postmaster general's authority to make the new rates was questioned but the supreme court upheld him. Subsequently the phone rates were standardized.

HOW

A HORSE TALKS

If horses could talk, we would get a lot of these dumb beasts around us to help sell the horse-drawn spreader. If these dumb beasts could speak the human language, horses would be the best advertisement we have.

"A man who thinks anything of his horse can't help liking this spreader. If he will once mount the seat and put his horse in front of him and see them work in the modern three horse hitch. With this equipment every horse travels without the least side draft, not a tug pulling a bit out of line. Each horse pulls exactly one-third of the load. If horses could talk, this is the spreader they would choose."

When the "Rushville Special" spreader goes into the field with a big load, there is hardly a bit increased draft on the horses when it begins to spread, and every foot of land that leaves the machine decreases the draft in proportion. Something that cannot be said of any other spreader on the market.

The fact that this spreader will turn in a short circle, distributing at full feed a difficult load, proves that the machine is at least 100 per cent in excess of the average requirements. This means scientific handling of difficult material, because if the draft is on the beater wheel the horses will feel it. The time that a spreader becomes a horse-killer is when it is partly unloaded and the packed condition of the load clogs the beater wheel—something that never happens with our machine.

If horses could talk they would choose this spreader, because the wheels are mounted UNDER the load, and the front and rear wheels are close together. This means light draft—something that horses like.

is the inventory of live stock on farms. The term live stock as used by the census bureau comprises all domestic farm animals, together with poultry and bees.

Each farmer will be asked to report the number of value of all the domestic animals on his farm on January 1, 1920. The phrase, "on the farm," means regularly kept on a farm though belonging to someone else, must be reported by the farm operator on whose farm they are kept. Animals which are owned jointly by two or more farmers are to be reported as belonging to the farm where they happen to be on January 1, 1920.

On the schedule which the census bureau will use, domestic animals of each kind are to be classified according to age and sex.

Thus the inquiry relating to horses will show both the number and the total value of the following classes:

1. Colts under 1 year of age.
2. Colts 1 year old and under 2 years of age.
3. Mares 2 years old and over.
4. Geldings 2 years old and over.
5. Stallions 2 years old and over.

Similar information will be obtained for each of the other kinds of domestic animals, so that from the reports which the Census Bureau will publish one may easily ascertain the kind, the number by age and sex, and the value of all live stock on farms on Jan. 1, 1920, not only for the United States as a whole, but also for each state and county.

Cattle are to be classified further as beef or dairy cattle according to the principal purpose for which they are kept. Cows which

are regularly milked for three months or more during the year, the milk or its products being used for human food, will ordinarily be reported as dairy cows; and the calves and bulls which would naturally be classified with such cows will also be reported as dairy cattle.

These classifications are of importance from a statistical and an economic standpoint, because of the very intimate relation between the number and kind of animals and the food supply of the country. The figures to be obtained will show not only the present animal resources of the country, but will also furnish a basis for comparisons with the numbers of animals reported in previous censuses, running so far back even as 1850.

Chesterfield
CIGARETTES
They Satisfy

NOTHING like following up a good show with a good smoke—Chesterfield.

No ordinary cigarette, this. Mellow as an old friend, but rich with flavor—the kind that goes right to the spot.

Our own buyers in the Orient select for us the choicest Turkish leaf. We blend with this several varieties of specially selected Domestic tobacco. This blending—by a secret method—brings out new qualities of flavor that other and less expert methods fail to find.

That's just what we mean by "satisfy"—an entirely new kind of smoking enjoyment that you get in Chesterfields only—nowhere else; for the blend is a closely guarded secret. *It can't be copied.*

tent demand that the peace treaty
and the league of nations be dis-
posed of in Washington.Everywhere you turn you hear
some caustic remark concerning the
perpetual assininity of our govern-
mental and senatorial representa-
tives in the national capital.The patience of the American
people is exhausted. They are tired
weary of being held up to the ridi-
cule of the civilized world by a lit-
tle bunch of politicians whose chief
air in official life appears to be that
of making faces at each other.Our men in the trenches took the
hit in their teeth and covered them-
selves with glory.Our representatives in Washing-
ton are mired in a sea of inaction
and back passing and are humiliat-
ing the nation which permits them
to misrepresent it.It is time for a final ruling on the
peace treaty and the league of na-
tions to be made.There is no reason under the sun
why peace should not be concluded
with the Teutonic nations.No reasonable person can object
to an endorsement of the league of
nations with reservations which pro-
tect the legitimate interests of the
United States.There is every reason in the world
why the senate should come out of
its trance and take the definite ac-
tion for which we have been waiting
these many months.All intelligent people know that
Europe today is again a seething
volcano, and that only prompt and
definite action by the United States
can stabilize the situation.All Europe knows that the crass
stupidity at Washington is the
greatest aid to bolshevism this coun-
try has ever seen.Either the white house and the
senate are mentally capable of ef-
fecting a reasonable compromise on
the league of nations which would be
acceptable to the people, or they are
not.**Will the Public be the Goat**The commission of three appointed
by President Wilson to investi-
gate wages and prices in the bitu-
minous coal industry has met and is
taking up the problems before it.From this time on, for some
weeks, it is expected, there will be
much interest in the activities of the
commission.Primarily, interest centers on whether
the outcome of the commis-
sion's proceedings will be thrown on
the public in the form of higher prices
at retail for coal the increased
wages allowed the miners.It is widely believed, not without
reason, that the public is to be made
the "goat" of this occasion and is to
have the burden of heavier coal prices
imposed on it. It is not over-
looked that Dr. Garfield resigned as
fuel administrator because he be-
lieved prices to the public should
not be increased and also believed
that under the White House plan
prices would be increased.**HAS RECOVERED HER HEALTH**So many women are suffering

LOCALS HAVE 3 GAMES SCHEDULED THIS WEEK

High School Will Meet Manila, Cambridge City and Newcastle During the Week

MANILLA HERE TOMORROW.

The local high school basketball team has a busy week before them, as their schedule calls for three games. Manila comes here tomorrow night, and on Friday the locals play in Cambridge City, going from there on Saturday to play Newcastle on that night.

Little is known of the strength of the Manila team except the defeat they gave Connersville before Christmas at Connersville. Manila will no doubt prove a good attraction, and this is the first home game this year for the locals.

Cambridge City is expected easy work on Friday and Coach Sutton will use substitutes to start and will continue them throughout the game while the locals lead. The big test will come Saturday night at Newcastle, as they have a fast team, and all the reserve forces of the locals will be held ready for use.

Amusements

"Bringing up Betty" at Mystic

Betty Morton, the charming ward of the wealthy "steel king" is out watching the races, on the boat of the man she is engaged to marry.

The foremost boat in the race comes quite near to the yacht from which Betty is taking in the races, and as it glides by, the girl, in her excitement, leans too far over the rail and falls into the water.

Who rescues her? Is it the fellow whom she is engaged to marry?

"Bringing up Betty," in which Evelyn Greeley is starred, which is at the Mystic theater today, answers these questions. A vaudeville program of Andrews and company will also be given.

The vaudeville will be repeated tomorrow and the picture to be shown at that time will be Robert Warwick in "The Mad Lover," supported by Elaine Hammerstein.

INDIGESTION

Caused by
Acid-Stomach

Millions of people—in fact about 9 out of 10—suffer from indigestion, acute or chronic. Nearly every case is caused by Acid-Stomach.

There are other stomach disorders which also are some signs of Acid-Stomach—belching, headache, bloating after eating, food repeating, sour, gassy stomach. There are many ailments which while they do not cause much distress in the stomach itself, are nevertheless harmful to an acid stomach. Among these are nervousness, biliousness, cirrhosis of the liver, rheumatism, impoverished blood, weakness, insomnia, melancholia and a long train of physical and mental miseries that keep the victims in miserable health year after year.

The right thing to do is to attack these ailments at their source and rid the acid-stomach of its cause. A wonderful modern remedy called EATONIC now makes it easy to do this.

One of hundreds of thousands of grateful users of EATONIC writes: "I have been troubled with indigestion for about nine years and have spent quite a sum for medicine, but without relief. After using EATONIC for a few days the gas and pain in my bowels disappeared. EATONIC is just the remedy I needed."

We have thousands of letters telling of these marvelous benefits. Try EATONIC and you, too, will be just as enthusiastic in its praise. Your druggist has EATONIC. Get a big 50c box from him today. He will refund your money if you are not satisfied.

THE UNIVERSAL CAR

Buy Now While Deliveries Are Possible

Buy your Ford car now while deliveries are possible. There is only a limited, specified number of Ford cars allotted to this territory. You will be wise to buy one now while we can get cars to deliver. A signed order with us is your protection.

Even our small allotment of Ford cars is not shipped us until we have bona-fide orders for them. This is because the demand for Ford cars all over the country is greater than the supply or production. So, don't depend on spring delivery.

Only so many Ford cars will be shipped in to this territory; only so many will be able to get Ford cars. If you would be forehanded and plan ahead, you will have us deliver you a Ford car as soon as possible. Then you will have it to use whenever you want it.

The Ford is an all year utility—in your home or business. Its serviceability, its ease of operation, its low cost of maintenance has made it such. It will serve you the year around. Spring and summer, autumn and winter, it is your servant; always ready to do your bidding.

Last Time Here Tonight

"The Isle of Conquest," shown for the first time last night at the Princess theater will be repeated tonight. The crowds that saw the photoplay were highly pleased with it.

In "The Isle of Conquest," Norma Talmadge's new Select special the charming star again demonstrates that there is no height of expression too lofty for her.

Her versatility is generously drawn upon as she journeys through the roles of an innocent convent girl to an unhappy wifehood, and thence to a life of isolation, upon a tropical island with a lone man companion, there to find complete happiness and contentment. Always pleasing and capable, the star ascends to the full height of her emotional talents and holds the interest from beginning to end.

"The Isle of Conquest" is a fast moving drama treating with a young girl's marriage to a wealthy waster through the efforts of a designing mother. Later, the yacht upon which they are cruising is wrecked and she finds herself safe upon an uninhabited island with a stoker from the ship's hold. Months of isolation kindles within them a mutual love and, all hope of rescue having perished, they are preparing to enact their marriage rite, when suddenly her husband appears, to return her to his world of sham. Here the circumstances become tragic, concluding with an unexpected and sensational climax.

Milroy Fans May Accompany Team to Anderson Friday Night

The Milroy high school basketball team has one of the hardest games on its schedule to be played next Friday night, when they meet the Anderson team on the latter's floor. Anderson is considered to be a runner-up in the state meet, and so far this season has not been defeated. Milroy enthusiasts are endeavoring to secure a special train on the Big Four to make the trip, and as only 125 tickets will have to be sold, the entire community will no doubt make plans to invade the Madison county city, and show their appreciation of what their team has been doing.

The W. R. C. will hold their regular meeting tomorrow afternoon in the G. A. R. room of the court house. At this time officers will be installed and the corps will hold their annual pitch-in lunch. Each member is requested to take their own plate, cup, knife, fork and spoon.

Mrs. Charles H. Parsons entertained the members of the Monday Circle yesterday afternoon at her home in North Main street. A very interesting paper was read by Mrs. Ione Abercrombie on "Belgian and French Heroes of the War," and Mrs. Parsons also gave a short talk on "King Albert and His Government." The program was followed by a business session during which officers were elected for the coming year. They were as follows: President, Mrs. Harry Kramer; first vice-president, Mrs. Ralph Payne; second vice-president, Mrs. John Beale; recording secretary, Mrs. Will Brown; and treasurer, Mrs. Paul Allen. In two weeks, January 26, Mrs. Demarchus Brown will deliver a lecture on "France and Her People—Yesterday and Today." At this time the club will meet with Mrs. J. C. Sexton at her home in North Main street.

The home of Mr. and Mrs. Carlton Chaney of near Glenwood was the scene of a merry party Saturday night when a number of their friends gathered there and surprised them. The evening was spent with music, games and a social time after which a beautiful pitch-

NOTICE

For The Improvement of Highway in Richmond Township, Rush County, Indiana.

Notice is hereby given that a petition has been filed in my office for the grading, draining, paving and repaving of a certain highway in Richmond township, Rush county, Indiana, which petition is in the words and figures as follows:

State of Indiana, Rush County, ss: Before me, the undersigned, a Justice of the Peace for said county, Indiana, appeared the undersigned, a Justice of the Peace for said county, Indiana, and Charles W. Spencer, of said township, and they presented to me a petition for the grading, draining, paving and repaving of a certain highway in Richmond township, Rush county, Indiana, which petition is in the words and figures as follows:

The undersigned petitioners respectfully request that the highway be graded, drained and paved with gravel or crushed stone and that the travel portion of said highway be made fourteen (14) feet in width, and that said highway be established as of width of thirty (30) feet. And that said highway be so improved with ditches, culverts, bridges, etc., as to make the same a continuous gravel road.

Respectfully submitted,

NOTICE TO ROAD CONTRACTORS

State of Indiana, Rush County, ss: Notice is hereby given that the Board of Commissioners of said county, at their office in the court house at Rushville, Indiana, will receive sealed proposals for the improvement of a certain highway, 14,283 feet in length, in said county, by grading, draining and paving with macadam, as set out in the specifications, plans and profile now on file in the office of the auditor of said county, by and under the laws of the State of Indiana. Said sealed proposals will be opened and the contract awarded for said improvement on the 3rd day of February, 1922.

Bids or proposals will be received up to 2:00 o'clock P. M. on said date.

The said road to be improved is located in Walker township, in Rush county, Indiana, and is to be known as the Wm. B. Crane et al. road when so improved.

Bids will be for the completion of the said improvement in accordance with the plans, profile and specifications in the office of the auditor of said county, and shall include all labor and material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal or surety bond in a sum equal to double the amount of the bid filed for the work bid on, to be approved by the board of commissioners of said county. Said bond shall be conditioned for the faithful performance of the work; the sureties, if personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush county.

Said bond shall be for the benefit of any person, persons or corporation who shall suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract to perform such work awarded by the board of commissioners or to carry out the same in any particular or to pay for any labor or material which may have been furnished to any such contractor or contractors or to any sub-contractor, agent or superintendent under him, in the construction of said work.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected by the board of commissioners. The right to reject any and all bids, Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and contractor or contractors.

Given by order of the Board of Commissioners of said County.

Don't Burn Good Fuel in a Poor Stove.

TAKE

PEPSINCO

It's a useless waste of good fuel and needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness, if your stomach won't absorb and assimilate it. If you cannot get with enjoyment, if your food does you no good, if food distresses rather than benefits, then you have indigestion or dyspepsia. The best remedy is PEP-SINCO.

Ask your druggist for PEP-SINCO or your grocer for PEP-SINCO.

TWO MORE PRISONERS CAPTURED IN DRIVE

Captives of Local Army of Salvation Now Number Ten, According to Capt. J. A. Tench.

ONE WOUNDED BY THE ENEMY

A large number turned out to see the second over the top movement by the local infantry of Salvation last night, according to an announcement today by Capt. J. A. Tench.

Sharp at seven o'clock a large number of soldiers, eager for the fight, went to the magazine room (glory room) for fresh ammunition. Nor did they go in vain, for each soldier was found at his post of duty full of faith and ready for the fight.

When at eight o'clock the over-the-top command was given, regardless of barb wire entanglements

and the dangers of "No Man's Land," with the spirit which was much appreciated by the officers in charge of the drive, the enemy's trench was entered and two more prisoners were captured, making a total of ten prisoners up to date in the two drives. Our loss up to the present time is wounded one, missing two.

It was reported at the beginning of the meeting that the M. O. (the great physician) would be exceptionally kind to all prisoners captured, which was demonstrated from the fact they realized to hear the broken heart He came to free the captive from his chains.

Meeting tonight commences at 7 o'clock in the Glory Room and 7:30 in the large auditorium.

DIES WHILE AWAY ON VISIT

Miss Ollie Caldwell Expires at Sister's Home in Indianapolis

Miss Ollie Caldwell, of this city, died last night about 8:30 o'clock at the home of her sister, Mrs. S. S. Stocker, 1006 North Pennsylvania Street, Indianapolis, where she had gone about two months ago for a visit. She and her sister, Miss Lou Caldwell, lived at 1017 North Benjamin street of this city.

Miss Caldwell was 65 years of age and had been ill only a short time. The deceased is survived by only the two sisters. The funeral services will be conducted at the Indianapolis address Thursday noon by the Rev. L. E. Brown of this city, and the remains will then be sent to Lewisville, thence to the cemetery at Raleigh, where interment will be made.

REQUESTS LOAN FOR AUSTRIANS

Hoover Says Peace Treaty Leaves Austria Penniless and People Will Starve

SUGGESTS \$150,000,000 LOAN.

Europe as a Whole is Recovering From Effect of War Remarkably Well, he Says

(By United Press.)

Washington, Jan. 13—The peace treaty makes Austria a perpetual "poor house" and this condition must be changed, Herbert Hoover told the house ways and means committee Monday.

He suggested that a loan be launched for \$150,000,000 for Austria, Poland and Armenia, to prevent starvation.

Hoover said that the United States should declare to Europe that Europe is responsible for the situation in Austria.

The treaty, he said, shears Austria of all the agricultural land from which they previously obtained its existence.

The political situation makes Austria a perpetual mendicant, Hoover said.

The United States should not provide the charity but the loan should be made the last donation to relieve the situation, Hoover suggested.

He suggested that a union of Austria with Bavaria should be one solution of the problem.

Europe in general is now remarkably recovering from the effects of the war, Hoover told the committee. All loans to Europe should be reduced to the minimum, declared Hoover.

The Bolsheviks caused a great delay to the reconstruction in Poland because Poland maintains an army of 700,000 men on a 1600 mile front, against the reds.

"If the Poles collapse it will mean a direct menace to the financial stability of Europe," he said.
